U Can Share 2022

The South Plains Food Bank is dedicated to Fighting Hunger on the South Plains. To provide the quality of help that we strive to deliver, we are making changes. We are no longer accepting donations of food or food products.

Our organization has partnered with wholesale food distributors to buy products at discounted rates, increasing our buying power.

Every \$1 donated translates to 3 meals for a family, child, or senior!

We can stretch a dollar further than we can stretch a can! By donating money in lieu of cans, participants make a bigger impact and **feed more people.**

Included in this tool kit are various items that will guide the campaign process. Thank you for your consideration, we look forward to your collaboration this giving season.

Highlight T-Shirts.

The best way for faculty, staff, and students to support the mission is by making monetary donations. Donations of \$10 or more provides 30 meals to a neighbor in need and earns a **FREE** U Can Share 2022 T-Shirt to be worn Friday, December 9th to join the community in showing support for the Fight against Hunger!
